Roles and how we did it

- **Ulises:** Lead designer, on charge of HTML structure and Bulma

- **Rodolfo:** Spotify & Wal-Mart API's, Javascript HTML DOM,

- **Sergio:** Facebook API, firebase set up and information storage

Let's make a new party!

Roadmap Plan

- Facebook Events and friend list synchronization

- New and easier database search for food & drinks

- Include a category for Restaurant delivery

- Google Calendar Invitation

- Waze synchronization

- Spotify and Youtube to shuffle playlists

- Mobile version
